USIB REQUIREMENTS COMMITTEE

1. To recommend to USIB coordinated statements of national intelligence requirements, including as appropriate to the subject or collection means concerned:
 - a. Description of the objectives or purposes for which the intelligence is needed (threat analysis, warning, current intelligence, scientific and technical developments, order-of-battle, contingency planning, negotiations, etc.)
 - b. Definition of the substantive intelligence information desired in order of priority.
 - c. Specification of the essential elements of information (observables) required to produce the intelligence needed in terms applicable to the type of data involved.
 - d. Appraisal of the relative value from a substantive intelligence viewpoint of each of the essential elements of information.
 - e. Identification of the targets or specific sources to be covered with necessary details of location, size, characteristics, etc.
 - f. Timing, frequency and periods of coverage required for the targets or essential elements of information by type, subject or area.
